Re: Proposed Annexation to
the City of Compton,
"Annexation No. 112"

Dear Mrs. Clyde J. Harlan:

At the meeting held on March 28, 1956, the County Boundary Commission reviewed the boundary description and map submitted by Mr. Don W. Robins, Compton City Engineer, with his letter of March 12, 1956, of the proposed annexation of territory to the City of Compton City.

Although the boundaries submitted do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable, upon recommendation of the County Engineer slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code. Said revisions were in the wording of the boundary description and made no change in the location of the boundaries as shown on the map.

With these revisions, the County Boundary Commission approved the boundaries of the above proposed annexation. A copy of the approved revised legal description is enclosed for your use.

Very truly yours,
